

The Clinton St Clean Up

A Flood City Cafe Project

Crimson King Maple
Clinton St, Johnstown PA

Crimson King Maple
Clinton St, Johnstown PA

GOAL: TREE REPLACEMENT

Project Overview

Replace / replant 11 Crimson King Maple trees along Clinton St., in Downtown Johnstown. These trees will be placed in the already existing tree wells located on the street. The above diagrams show estimated placements and what the end result will look like. Continued yearly maintenance will be accomplished by a joint effort from the Johnstown Shade Tree Association, along with the City of Johnstown.

The work to plant these trees will be accomplished with the help from the Shade Tree Association, the City of Johnstown, and local volunteers gathered by Flood City Cafe's "Clinton Street Cleanup" initiative.

Materials Needed

11 Crimson King Trees

Soil Treatment Chemicals

Tree Tie-downs

Water

Mulch

Auger / Backhoe

Shovels / Other Digging tools

Water Buffalo

Traffic Control

A Flood City Cafe Project

Clinton St. General Cleaning
Clinton St, Johnstown PA

GOAL: General Clean Up

Project Overview

Apply a general cleaning to the entire street to give it a better appearance. This includes, but not limited to: Removal of garbage, removal of weeds, washing of windows, general pressure washing, trimming / tending to any per-existing plant life, possible application of new mulch in select areas, etc.

The work to accomplish this goal will primarily be accomplished by Flood City Cafe's "Clinton Street Cleanup" initiative volunteers, but will also be completed with the assistance of the City of Johnstown, as well as donations from local organizations.

Materials Needed

Garbage Bags

Window Cleaning Supplies

Pressure Washers

Water

Gas For Washers

Painting Supplies

Plant Trimming Equipment

Mulch

Mulch Spreading Tools

A Flood City Cafe Project

Clinton St. Parking Garage
Clinton St, Johnstown PA

GOAL: Parking Garage Cleanup

Project Overview

Clean up the Clinton St. side of the Clinton St. Parking Garage. This would include removing old storefront graphics, cleaning windows, pressure washing and scrubbing reachable areas, repainting selected areas, building a new wooden fence, and other various objectives.

The work to accomplish this goal will primarily be accomplished by Flood City Cafe's "Clinton Street Cleanup" initiative volunteers, but will also be completed with the assistance of the City of Johnstown, as well as donations from local hardware stores and other businesses.

Materials Needed

Wooden Fence

The Clinton St Clean Up

A Flood City Cafe Project

GOAL: Street Beautification

Project Overview

To improve the overall appearance of Clinton St. We plan on doing this by adding street pole hanging baskets, parking meter flower racks, street pole banners, and possibly street flower boxes.

The work to accomplish this goal will primarily be accomplished by Flood City Cafe's "Clinton Street Cleanup" initiative volunteers, but will also be completed with the assistance of local businesses and contractors, as well as help from the city.

Materials Needed

Pole Hanging Basket Brackets

Hanging Basket Flowers

Street Banners & Brackets

Parking Meter Flower Racks

Street Flower Boxes

Street Flower Box Flowers
